3. Significance

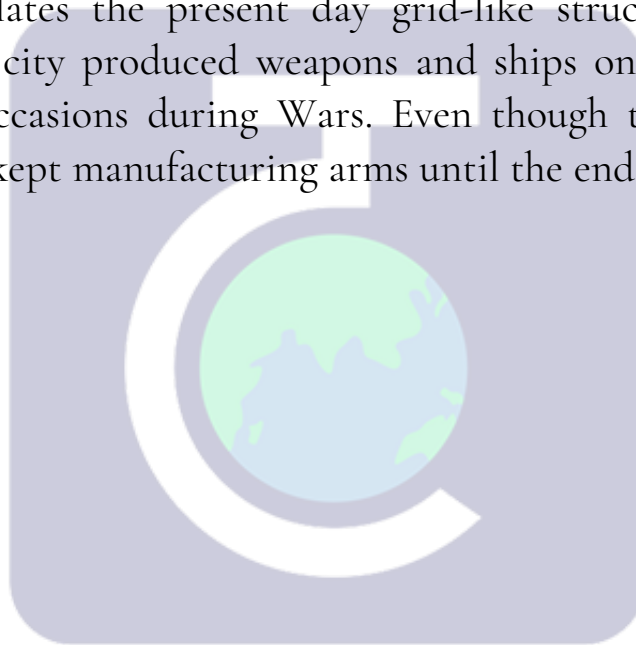

Glasgow developed from a little rustic settlement on the River Clyde to end up distinctly as the biggest seaport in Britain. With the onset of the Industrial Revolution, economy of Glasgow expanded rapidly to become one of the world's pre-eminent centers of chemicals, shipbuilding and marine engineering industry. In 2008, Glasgow became the second Scottish city to join the UNESCO Creative Cities initiative when it was named as a UNESCO City of Music. The city has transformed itself from being the once mighty powerhouse of industrial Britain to a center for commerce, tourism, and culture. Glasgow was the host city for the Commonwealth Games in 2014.

Index

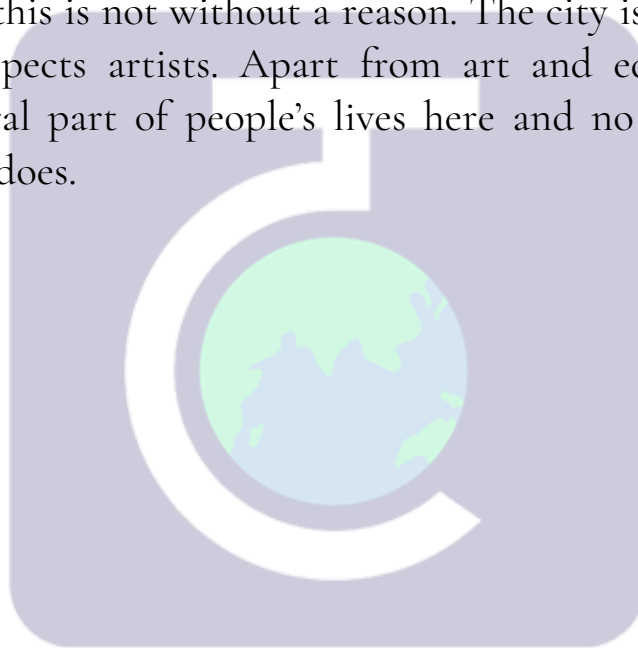

4. History

The city of Glasgow was a harbour town founded by St. Mungo and came into prominence in 1451 after the foundation Of University here and grew economically since 17th century. In the 19th century, Glasgow was an important centre for shipbuilding and saw several emigrants from Ireland settling here. It remained an important industrial town until WWII. The historical past of the city widely encapsulates the present day grid-like structure with five story buildings. Since the city produced weapons and ships on a large scale, it was bombed on many occasions during Wars. Even though the factories suffered severe damage, they kept manufacturing arms until the end of wars. Post war the city was rebuilt.

Index**5. Cultural identity**

Presence of one of the oldest university and thriving educational environment is greatly reflected in the art, music and sports in the city. Some of the best musicians and performances have evolved from this city and have become world famous. There are several live music locations in the city and you can enjoy music of all genres. For last 25 years Glasgow has been awarded the title of European City of Culture and this is not without a reason. The city is host to several work of art and truly respects artists. Apart from art and education, Football is considered an integral part of people's lives here and no sports gets as much attention as football does.

Index

6. Natural resources

It has a rich reserve of natural resources and that includes coal, petroleum, natural gas, iron ore, lead, zinc, gold, tin, limestone, salt, clay, chalk, gypsum, potash, silica sand, and slate. . It also has abundant of agricultural arable land. It has a large species of flora and fauna.
