1. Geographical location

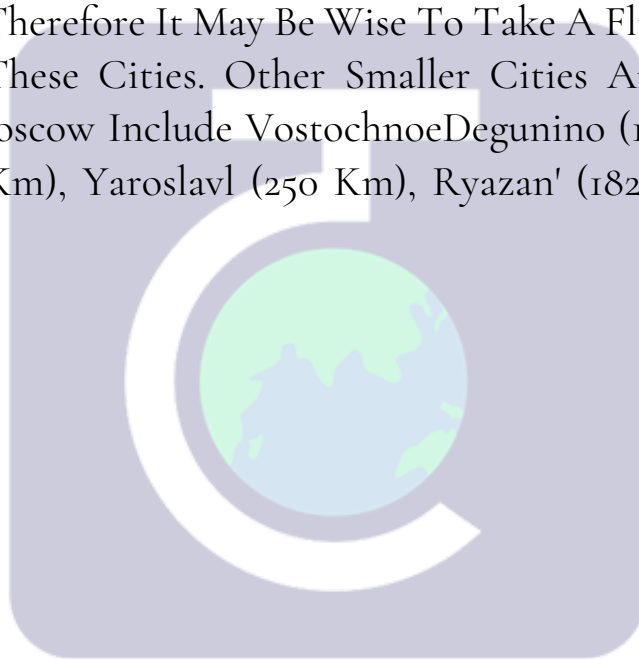

Being the capital of Russia, Moscow is the largest city and the most populous in Russia with a population of 12.2 million people within the city limits and 16.8 Million in the urban area. Located in Central Federal District in western Russia, it is strategically positioned in the center of the East European plain at the banks of Moskva River which flows approximately 500km across into Central Russia. Due to its geographical position, Russia is sufficiently protected from severe earthquakes or other sea/ocean perils. Covering a total area of 2,511 km² (within the city limits) Moscow stretches 51.8 Km (32.2 miles) from north to south and 39.7 km (24.7 miles) from east to west. The highest point within the city is Teplostanskaya highland which stands at an elevation of 255 meters (837 feet) above sea level. Although most of the city lies on the plain, there are approximately 7 hills within Moscow urban area which include Sretensky Hill, Tagansky Hill and Borovitsky Hill.

Index

2. Neighbouring cities/countries

Moscow Is A Huge City With Sufficient Transport Links With The Neighboring Cities. It Entails Several Airports, Railway Network And Developed Modern Roads. Moscow Lies 632 Km, Southeast Of St Petersburg, 756 Km Northeast Of Kiev, 867 Km Southeast Of Tallinn And 1149 Km East Of Warsaw. These Cities Are Considerably Far From Moscow And Travelling Via Train May Take Long Thus Very Tedious. Therefore It May Be Wise To Take A Flight When Travelling Between Some Of These Cities. Other Smaller Cities And Towns That Are Located Close To Moscow Include Vostochnoe Degunino (14 Km), Moskovskaya (63 Km), Tver (162 Km), Yaroslavl (250 Km), Ryazan' (182 Km) And Orel (326 Km).

Index

3. Significance

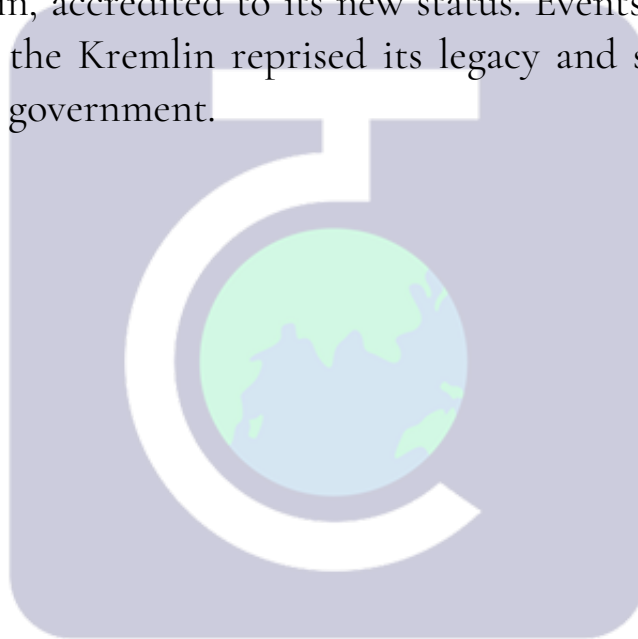

The largest city on the European Continent, Moscow serves as the hub of the country's economy, politics, transport, and development. It has always been the capital city through centuries of governance by various rulers and systems. This alpha global city is continuously growing as an international tourist destination. With a great historical and cultural legacy to boast of, Moscow is the centre of art, culture, and performances. It is also one of the greenest capital cities in the world with around half of the city covered by natural vegetation. Don't forget to browse through city's amazing architecture and historic buildings.

Index

4. History

Founded by Russian prince YuryDolgoruky, Moscow was discovered in 1147. In the year 1328, this beautiful city was declared as the capital of the Great Moscow Principality and of all Russian Lands. During the same time, buildings were erected around the Kremlin and the citadel was fortified with stone walls. After Russia became a unified state under Ivan the Great (1462-1505), Kremlin received a makeover once again, accredited to its new status. Events transpired and after the 1917 Revolution, the Kremlin reprised its legacy and stature as the seat of power of the Russian government.

Index**5. Cultural identity**

Moscow's culture is very colorful and deeply rooted in literature, ballet, painting and classical music. Although the country's cultural identity may seem drab at first, truth is that the cultural values of this city and country are headlined by its colorful folk costumes to its flamboyant religious symbols. Moscow in particular, is one city which has a solid and strong street culture. In order to get the feel of this city's cult, brisk strolls around the city center are strongly recommended. Don't miss out on stepping inside the many museums, cathedrals and theaters which have abundant wealth echoing city's cultural and historical values.

Index

6. Natural resources

It has a rich reserve of natural resources and its potential is over 20% of world's reserves. There are large deposits of fuel and energy resources that include oil, natural gas, coal, uranium ore, etc. It also has a reserve of salt, gypsum, arable land, clay, rocks, slate, chalk, bauxite, manganese, uranium, lignite, coal, natural gas, petroleum, silica, hydropower, metals, manganese, iron ore, oil, coal, zinc, tin, limestone and salt. It is a home to various species of flora and fauna.
