1. Geographical location

Vladivostok is the capital and administrative center of Primorsky Krai, Russia. It is located in the Far East Russia at the head of Zolotoy Rog (Golden Horn Bay) that is on the western peninsula separating the Ussuri and Amur bays on the Sea of Japan. This area is a few kilometers from the North Korea and China's border. It is the last station of the Trans-Siberian railway and is home to about 606,500 residents. Covering a total area of 331 kilometers squared ((127.86 sq miles), the city stretches approximately 30 Km from north to south and 12 km from east to west. The highest point in the city is Mount Kholodilnik which stands at an elevation of 1257 meters (843 ft) above sea level which is often confused with Eagle's Nest Hill that is 199 meters hence the highest in the downtown area but not in the whole city. The city's average elevation is approximately 81.29 Meters (266.71 Feet) above sea level.

Index

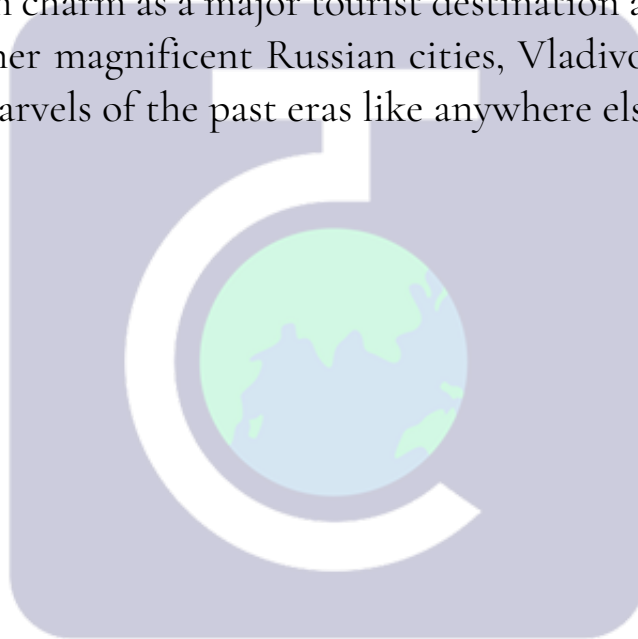

2. Neighbouring cities/countries

Vladivostok Being The Largest City In Primorsky Krai Has A Good Transport Linkage To The Neighboring Cities And Towns. Airport Of Vladivostok Receives International Flights Especially From China And North Korea. Seoul (754km) And Tokyo (1061 Km) Are Much Closer To Vladivostok Than Moscow Which Is 6416 Km (flying Distance) Away. Other Cities And Towns Closer To Vladivostok Include Trudovoye (36 Km), Russkiy (34.8 Km), Partizansk (170.6 Km) And Dongning In China Which Is 125.4 Km Away.

3. Significance

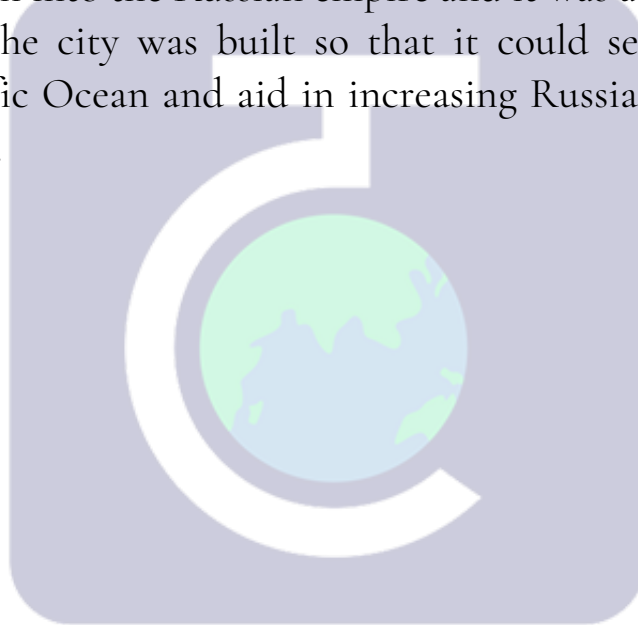

Proximity to the Pacific has made Vladivostok the home port of the Russian Pacific Fleet. The city's commercial port is the largest in the country on the Pacific and much of the economy depends on the trade and business activities such as shipping and commercial fishing concentrated on the harbors. Mainly a port city, Vladivostok is also the eastern terminus of the Trans-Siberian Railway. The city holds its own charm as a major tourist destination as well. Though not as fascinating as the other magnificent Russian cities, Vladivostok has some of the great architectural marvels of the past eras like anywhere else in Russia.

Index

4. History

Vladivostok's historical timeline is heavily influenced by the Chinese. This was due to the fact that a number of ancient settlements that set foot in Vladivostok belonged to the country. Later on of course, the area of Vladivostok was given up by China and handed over to the Russians as part of the Treaty of Aigun of 1858 and the Treaty of Peking of 1860. After the treaties were agreed and signed upon, Vladivostok was taken into the Russian empire and it was an important territory for Russia because the city was built so that it could serve as Russia's naval presence in the Pacific Ocean and aid in increasing Russia's grip on the eastern portion of its empire.

Index**5. Cultural identity**

As is the case with the Russians, Vladivostok's culture is also deeply rooted in music, arts, ballet, museums and theater. Depending on what the preference is, Vladivostok has ample cultural wealth in different forms to keep travelers interested and enchanted. The city is also blessed with huge green expanses in the shape of parks and squares. Overall, there is a lineup of iconic places which a tourist can visit in order to get up-close and personal with the cultural bearings of Vladivostok. To list some of the cultural highlights: Vladivostok Pops Orchestra, Arsenyev Primorye Museum, Maxim Gorky Academic Theater, Russian Opera House and Pokrovskiy Park.

Index

6. Natural resources

It has a large deposit of natural resources such as oil, natural gas, coal, slate, uranium ore, etc. It also has a reserve of salt, gypsum, clay, rocks, chalk, bauxite, manganese, uranium, lignite, coal, natural gas, petroleum, silica, hydropower, metals, manganese, iron ore, oil, coal, zinc, tin, limestone and salt. It is a home to various species of flora and fauna. It occupies a leading position in the world wood provision. It is a land of wild mushrooms, berries, herbs, wetlands and meadows.
